

DigiLam 611 Dry Erase Film PERMANENT ADHESIVE

Digijet 611 is a 2-mil clear film coated with a permanent acrylic pressure sensitive adhesive on a smooth paper liner designed for use with dry erase markers.

Applications

This product is recommended for overlaminating graphics, decals and unprinted substrates for use with dry erase pens. For best results, we suggest the following dry erase brand marking pens: Avery Marks-a-lot® (chisel point), Expo Scents® (chisel point), Expo Bold color® (chisel Point), Expo regular® (chisel point) brand marking pens.

Thickness

Film 2.0 mils.
Adhesive 0.8 to 1.0 mils.
Liner 4.0 mils.
(Thickness variance +/- 10%)

Dimensional Stability

Film can react to heat in processing. In laminating process do not use excessive unwind tension or nip roll pressure as curl could result.

Temperature Ranges

Minimum application temperature is +40°F.
Service temperature is -40°F to +200°F.

Expected Exterior Life

Limited. Dry Erase Film has limited resistance to UV exposure. Test fully for any extended outdoor use.

Adhesion

To stainless steel – 48 oz/in.
PSTC-1 with 24-hour dwell at 70°F and 50% relative humidity.
Typical values. Individual values may vary.
Test thoroughly before production.

Water Resistance

Good. Immersion not recommended.

Humidity Resistance

Good

Storage Stability

1-year shelf life when stored at 70°F and 50% relative humidity.
