LED Power Supply Cans

- UL879 listed. Certified by Underwriter's Laboratories to Canadian standard
- Listed for wet/damp/dry locations
- Strong and rigid; made of G90 galvanized steel .029 inch thick
- Meets UL requirements without being elevated above mounting surface
- Do not require extra rain shields. Required drain holes are included -- saves labor
- Primary and secondary grounding capability without drilling or punching
- Knock-outs for toggle switch provided
- Convenient 1/2" conduit knock-outs on both ends of single can; prepunched on double can
- Flexible rain shield for easier installation on single can; not required
- Quality hardware - easy to work with
