

## duoboard® 50 pt. wide format

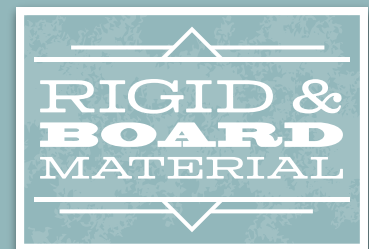

High Integrity, C2S Duplex Board

DuoBoard® is a high integrity coated 2 side duplex board manufactured with cellulose fibers and pressed into a smooth, dense rigid board. Both sides are finished with an identical smooth, satin print surface, providing superior printability and dimensional stability. The product is easy to cut and assemble and can be used for most indoor point-of-sale and display graphics applications.

DuoBoard® is an environmentally responsible recyclable alternative to tyrene and expanded closed-cell PVC based board medias.

### Cutting Recommendations:

DuoBoard® is designed to be easily cut using a die, guillotine, and many market CNC routers using i-cut.

### APPLICATIONS:

Indoor POP  
Aisle markers  
Display toppers  
Structural signage  
Wing cards  
End caps

### PRINTABILITY:

Flatbed  
UV  
Screen

### We all know paper prints better than plastic!

It's also more widely recycled. Our paper-based portfolio provides a sustainable option, with many post-consumer options available as well.

A BRIGHTER SHADE OF GREEN
