

MAGIC BROADVUE

6 mil outside mount
perforated window film (*satin*)

PRINTER COMPATIBILITY

DESCRIPTION

Magic BROADVUE is a 6 mil perforated, PVC window vinyl designed for exterior mounted window graphics. BROADVUE has a pattern of round, evenly spaced holes based on a 60/40% perforation allowing exterior mounted graphics to be seen from the outside but appear invisible from the inside.

PHYSICAL CHARACTERISTICS

Thickness	6 mil

PROCESSING TIPS

- Preferred side out

FINISHING & PRINTING

- Print on white outside surface
- Heater settings for solvent / eco solvent: 40° C - 45° C
- Allow to completely dry before finishing
- If stacking graphics use a silicone sheet between layers
- Clear liquid laminates provide excellent surface protection
- Apply to clean dry surface above 40°F
- Peel and fold back 1" of liner
- Align to the surface and press the top edge down
- Peel the remaining liner and use a squeegee to apply
- Do not stretch
