Features & Benefits

- Clear anodized finish requires no painting and can be used for interior or exterior applications.
- 2 sizes allow for different thicknesses of face material.
3/4" holds up to 3/16"
1-3/8" holds up to 3/8"
- The large interior recessed tongue area allows for ease of sliding faces in & out to clear the heads of fasteners.
- Improved alignment and assembly by adding Corner Key slots and optional fastening methods.
- Screw bosses provide secure corners and can be inserted from all four sides.
