

Somfy myLink™

The myLink™ puts you in control, so that you can operate your motorized solutions whether you're home or not. At work and realized you forgot to close your shades for the day? Not a problem. With a simple tap of the myLink app you can close all your shades.

Channel Control

The myLink now features 16 channels so you can control up to 16 individual or 16 groups of motorized solutions with one myLink. This provides an ideal zone control and allows you to mix and match motorized solutions with ease. It's scalable so you can always use multiple myLinks together if additional channels are needed.

Sunlight Control

The myLink provides convenient and effortless sunlight control to create your optimal living environment. Its robust capabilities allow you to spend your time doing what you enjoy most and maximize the benefits that your Somfy-powered products provide, such as energy savings, privacy, and convenience.

The Somfy myLink plugs directly into any standard wall outlet and communicates over your home's WiFi network.

Scheduling and Operating Solutions

Create a Scene to operate multiple motorized solutions together. Enjoy a relaxing lunch on your deck on a warm sunny day! Close all the shades in your kitchen and extend your awning with a single tap or sound of your voice! Your interior stays cool and comfortable while you enjoy lunch in the shade.

Schedule your motorized solutions to experience high-end home automation at a fraction of the price. myLink can schedule your motorized shades to automatically open at 7am to start the day with natural light, or close all your shades at 8pm for privacy and peace of mind.

Use simple **voice commands** to control your myLink system so you don't have to stop what you're doing!

Somfy myLink™

The Somfy myLink™ offers convenient control of Radio Technology Somfy® (RTS) motorized solution with a smartphone, tablet or with your own voice! It consists of a simple plug-in device and free app that transforms the experience users have with their motorized solutions.

Voice commands

Use natural voice commands to operate your RTS connected products.

App control

Harness the power of your favorite mobile device for Somfy-powered solutions.

Remote access

Activate Somfy-powered solutions even when you're away from home to maximize the many lifestyle benefits they provide such as energy savings, UV protection and privacy.

Timed events

Schedule motorized applications based on time of day or sunrise/sunset times.

On-screen setup wizard

Intuitive installation and setup allows you to enjoy your myLink experience in a few short minutes.

Flexible

Choose the best way to control up to 16 channels of motorized solutions with options such as individual control, group control, and more.

Compatible

Controls all Radio Technology Somfy® (RTS) products including motorized blinds, shades, curtains, screens, awnings, and rolling shutters as well as RTS enabled lighting devices. The myLink also works with third-party automation systems and Amazon Alexa.

Compatible with iOS, Android and Amazon Alexa

SOMFY is the leading global manufacturer of strong, quiet motors with electronic and app controls for interior and exterior window coverings. Over 270 million users worldwide enjoy the more than 150 million motors produced by Somfy. During the past 45+ years, Somfy engineers have designed products for both the commercial and residential markets to motorize window coverings such as interior shades, wood blinds, draperies, awnings, rolling shutters, exterior solar screens and projection screens. Somfy motorization systems are easily integrated with security, HVAC and lighting systems providing total home or building automation.
