

## Why motorize?

Expand your outdoor living space

Reduce energy costs

Conveniently manage shade and sunlight during the day

Spend more time on your deck or patio

Automatically protect valuable furnishings from harmful UV rays

Easily adjust awnings, pergolas and screens

### Radio Technology Somfy®

RTS allows you to experience motorization your way. Control your motorized awning with a single device or a combination. Choose from hand-held remotes, wireless wall switches, table top controls, sensors, timers or app control.

You can also:

- Add a state-of-the-art wind or sun sensor to provide automatic control based on weather conditions.
- Add an infrared heater or lighting device to further enjoy your outdoor space.
- Control an incandescent or halogen lamp using the same remote control with the Outdoor RTS Lighting Receiver.
- Control your RTS motorized products anytime, anywhere with myLink™.

**SOMFY** is the leading global manufacturer of strong, quiet motors with electronic and app controls for interior and exterior window coverings. Over 270 million users worldwide enjoy the more than 150 million motors produced by Somfy. During the past 40+ years, Somfy engineers have designed products for both the commercial and residential markets to motorize window coverings such as interior shades, wood blinds, draperies, awnings, rolling shutters, exterior solar screens and projection screens. Somfy motorization systems are easily integrated with security, HVAC and lighting systems providing total home or building automation.

# Enjoy your deck or patio even longer with Somfy's Dimmable LED RTS Light Kit.

Motorized awnings and pergolas powered by Somfy instantly transform your deck into a cool, comfortable outdoor living space during the day, but your patio doesn't have to be abandoned at night. Add state-of-the-art Radio Technology Somfy® (RTS) accessories to extend and enhance your outdoor experience well into the night. Enjoy a beautiful evening outdoors under a canopy of ambient light in your new favorite nightlife spot!

## CONVENIENCE

Enjoy a quiet evening, or a party that spills outside under your beautiful awning. Our Dimmable LED RTS Light Kit seamlessly and easily integrates into the awning arms and is controlled with the same device as the awning. Available in warm or cool white, it can be easily added to an existing or new Somfy-powered RTS awning installation, to create a desired ambience.

Perfect for restaurants and hotels as well, it provides extra space outdoors and increases seating capacity year round.

Dimming LED RTS Light Receiver

## COMFORT

## CONTROL

Choose from a broad range of control options such as hand-held remotes, wireless wall switches, automatic timers, sensors or a convenient app. Radio Technology Somfy® (RTS) line of controls and accessories offer products to personalize and brighten up your outdoor spaces.

Telis Modulis features added benefit of a center scroll-wheel providing ease and precision in a 12 step dimming function. Available in single or five channels.

## Infrared RTS Heater Receiver

Use the LED RTS Light Kit and RTS Heater Receiver together to extend the usage of your outdoor space into the night and throughout the year. The dimmable Infrared RTS Heater Receiver controls any infrared heater up to 1500 watts and allows you to control your patio or deck temperature with the same RTS control as your awning.

## Somfy myLink™ App

Control your awning, light and any RTS products while home or away using your tablet or smartphone. A simple on-screen setup wizard helps you create timed events, scenes and more.

For detailed information, please visit [somfysystems.com/mylink](http://somfysystems.com/mylink)

## RTS Automatic Sensors

Strong winds can cause damage. Protect your investment with the Eolis 3D WireFree™ RTS Wind Sensor. Automatically retracts your awning when strong winds are detected even if you are away from home.

Solar powered Ondeis™ WireFree RTS Rain and Sun Sensor automatically retracts or extends the awning depending on the changing weather conditions.
