## HOW TO HANG

Hangers or cables must be straight or slanted outward for proper hanging.

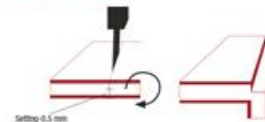

NEVER hang sign with the hangers or cable slanted inward. This causes the board to curl.

## HOW TO CUT

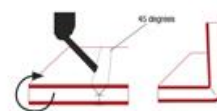

Best results are achieved using a static knife, oscillating knife or die cutting.

### HALF CUT

To score KATZ Display Board with a half-cut, set the blade to cut 0.5mm from the bottom of the board. Specific settings may vary for each machine and thickness.

### V-CUT
